Details of the Fire Detection and Fire Alarm System

Address: 145 (4F2) BRIMSFIELD PLACE.
EDINBURGH. Postcode: EH10

Extent of system covered by this certificate: FULL TESTS C/O ON MAINT
INTERLINKED SYSTEM. ALL UNITS ARE 10YR
LITHIUM BATTERY BACK UP DATED TILL 2029.

This system is: EXISTING ☒ NEW ☐ MODIFICATION ☐

Scope and Extent of the Verification Work (Tick box(es) or insert N/A (Not Applicable) as appropriate)

☒ In my opinion, as far as can reasonably be ascertained from the scope of work described above, the system complies with the recommendations of BS 5839-1: 2017, other than in respect of variations already identified in the certificates of design, installation or commissioning.

☒ In my opinion, there is no obvious potential for an unacceptable rate of false alarms.

The following non-compliances with the recommendations of BS 5839-1: 2017, have been identified (other than those recorded as variations in the certificates of design, installation or commissioning)*

NONE.

*Continue on additional numbered pages as required

Certification of Acceptance

I being the competent person responsible (as indicated by my signature below) for the verification of the fire detection and fire alarm system, as detailed above, CERTIFY that the verification work for which I have been responsible complies to the best of my knowledge and belief with the recommendations of Clause 43 of BS 5839-1: 2017.

The extent of liability of the signatory is limited to the system described above.

For the VERIFICATION of the System
