

ELECTRICITY

Derek Fulton has done most of the installation and upgrading of the electrical works in your flat. He knows the electrical system in each flat quite well.

If there is a problem first check the fuses. Perhaps one need to be reset by flicking the switch from the off to the on position.

If this does not work then please contact me.

James Baxter: 07811 335040.

If I am not available at once then you have full authority to call out Derek

Derek Fulton: 07894 809616

He doesn't have a key so you have to let him in or leave a key somewhere for him to pick up.

He is reliable and trustworthy

He will bill me directly.

In Flat 1F1, 151 Bruntsfield Place there is occasionally a problem with the kitchen light going. If this happens it is likely to be a fuse on a spur. This spur box is found behind the kick plate in the kitchen under the cooker area. The small fuse in here will need replaced.
