

JOINERY

If there are any small joinery issue please contact me in the first instance.

James Baxter: 07811 335040.

If I am not available then you can either wait until I am available, as most joinery matters will not be that urgent.

However, if it is urgent and I am not available then the person to contact initially is Bruce Stevenson the Insurance Brokers (see previous documents) to initiate a claim. Once the claim is logged then the tradesman to contact to fix the problem is the plumber Ryan Mills, the Electrician, Derek Fulton or the Handyman Valerie Borisenko who can fix mosy things

Ryan Mills: 07515 353474

Derek Fulton: 07894809616

Valerie Borisenko: 07967206605

Valerie will be able to attend to any matters in the kitchen or bathroom regarding cupboards or the panels. He will also be able to deal with any mastic problems.

Valerie will also be able to deal with any of the doors and will be able to fit locks and secure broken doors in the event of a burglary.

Neither Derek or Valerie has a key. Ryan has a key

If Valerie is not available to do the work and cannot offer an alternative then you could try another Joiner who has done work for me and should be able to help, namely

Tony McKinley: 07976 310 444.

Whoever you contact can you Whatsapp them some photos of the problem so they can see what the issue is.
