

PLASTERWORK

If there are any small plasterwork issues please contact me in the first instance.

James Baxter: 07811 335040.

If I am not available then you can either wait until I am available, as most plasterwork matters will not be that urgent.

However, if it is urgent and I am not available then the person to contact initially is Bruce Stevenson the Insurance Brokers (see previous documents) to initiate a claim. Once the claim is logged then the tradesman to contact to fix the problem is Valeriy Borisenko of Waverley Construction CB. He will give a quote which then hopefully the insurance company will tell him to proceed with.

Valeriy Borisenko: 07967 206605

Valeriy Borisenko: ecotraituk@gmail.com

Valeriy will be able to sort out any major plastering problems, such as a ceiling coming down due to flooding damage or burglars kicking a hole through it to gain access.

Valeriy does not have a key.
